What if I lose my CashKey?

The CashKey is the equivalent of money. Since the City of Rochester has no way of knowing the value left on the lost key or whether it is being used by someone else, we cannot issue a refund or return your deposit.

What if I move? Can I get a refund on my CashKey?

You can return your CashKey to the City Clerk's Office. The City of Rochester will mail a check for the remaining value programmed on the CashKey along with your deposit as long as your CashKey is returned undamaged. Allow 2 to 3 weeks for refund.

What if my CashKey is damaged?

CashKeys are extremely durable and able to withstand heat, cold, and moisture. They're also unaffected by magnetic or x-ray exposures, such as airport security. Since normal usage should not affect your CashKey, no refunds will be issued unless we can determine the remaining balance on your key.

For more information
about the CashKey,
call (507) 285-8086
www.rochesterparking.com

How does CashKey work?

The CashKey is programmed with \$10.00 or more worth of time. When a key is fully inserted into the meter, the meter will display the value remaining on your CashKey.

Each time the CashKey is inserted the following deduction will take place:

30 minute meter = .80/hr rate 1 insertion=40¢

90 minute meter = .50/hr rate 3 insertions=75¢

2 hour meter = .80/hr rate 4 insertions=\$1.60

3 hour meter = .50/hr rate 6 insertions=\$1.50

10 hour meter = .20/hr rate 5 insertions=\$2.00

NOTE: CashKey deductions are according to rates on meters

When the meter registers the time you want, remove CashKey and take it with you.

The parking meter will not register more than the posted time limit on the meter, but it will continue to deduct the above values each time CashKey is reinserted.

How do I obtain a CashKey?

CashKeys are available at the City Clerk's Office located at City Hall; 201 - 4th St S.E., Rochester, MN, 285-8086 from 8:00 am-5 pm Monday-Friday, except official city holidays. There is a one time deposit of \$16 per key. CashKeys can be obtained by cash, check, or credit card.

Remember: While the CashKey guarantees that you will have a convenient cashless way to pay for street parking, it does not guarantee you a space. Parking meter spaces are available on a first-come-first-serve basis. Also, use of the CashKey does not permit you to park beyond the "maximum stay" posted on the meter. There is a 10% discount given to users of the CashKey.

What meters accept the CashKey?

All city parking meters and "Pay by Space" stations.

Can I use CashKey in combination with coins?

Yes. CashKeys can be used in combination with US nickels, dimes and quarters. No tokens.

What happens when my CashKey runs low or runs out?

Just take your CashKey to the City Clerk's Office at the above address and additional time can be purchased without deposit.
